Draft Agenda

I. CDOT Reprogramming Request

CDOT has requested the transfer of CMAQ funds from its Jackson/State platform project to the Grand/State Station project. Non-CMAQ funds originally programmed for work on the Jackson Park Branch of the CTA Green Line will be used for the Jackson/State project. These funds must be programmed by May 1, 2001 or they may revert to the FTA. Any overrun on Jackson/State will be covered by Operation Green Light funds.
